

Hardwood tips:

Add abrasion resistance to your paddle by adding hardwood tips.

Choose from:

Maple,
Birch,
Cherry or
Walnut

Other species may be available upon request.

Shoulder Shape

Soft shoulders allow a combination of indexing and comfort.

Shoulder less paddles Allow the paddle to shift easily as you slide to an extended paddle position.

Paddle size

Length– Measure from the floor to end joint in your middle finger when raised over your head.

Loom Width: Place you hand at about shoulder width and measure from the outside of your first finger on one hand to the first finger on the other.

Blade width- Standard blade width is 3.5". however we will make the blade what ever size fits you.
